SUNDAY 17 SEPTEMBER 2023
RACE STARTS 1.15PM

WELCOME TO THE 2023 BEAUMONT TROPHY

This year's Beaumont Trophy will take place on the afternoon of Sunday 17th September, starting at 1.15pm.

I'd like to start by welcoming the Gainford Group as our new lead sponsor. We're very pleased to have them on board. Why not pop over to their website to find out more about their hotels, bars and restaurants at www.gainfordgroup.com

We'd also like to thank Northumberland County Council for their invaluable support in running this year's event.

As ever, our event is entirely reliant on our generous sponsors and partners and we always welcome new additions to this important line-up. If you are interested in sponsoring any of the Cyclone Festival of Cycling's races or public participation events, please drop me a line via info@cyclonecycling.com

I'd also like to mention the local communities who welcome and support all our Cyclone Festival events and allow us to share this wonderful corner of Northumberland for the day. I hope that visiting the race, either as a spectator or competitor, inspires you to return in the near future and explore it further. It only remains for me to wish all our competitors the best of luck!

HISTORY OF THE BEAUMONT TROPHY

The Beaumont Trophy is one of the longest running national road events on the calendar. It was first run in 1952, the year after the organising club, Gosforth Road Club, was formed. The trophy was presented by Rex Beaumont, a cycle and motorcycle wholesaler based in Newcastle. The first edition of the race was won by Stan Blair riding for Viking Cycles and started and finished in Gosforth Park, where the club had its headquarters.

The most prolific winner of the Trophy is Ray Wetherell who has won it 5 times. Sir Bradley Wiggins won it twice, including 2011 (pictured) when the event was the National Championships. Current INEOS Grenadiers pro Connor Swift won the race in 2018 when, again, it was the National Championships. Last year, winner Jack Rootkin-Gray and his St Piran team dominated the race.

THE RACE

The race will start and finish adjacent to the village green in Stamfordham and will get underway at 1.15pm. The race will use a combination of two circuits: riders tackling four anti-clockwise laps of a larger 25-mile circuit, marked in red on the map and then finishing with a single lap of a smaller 14-mile circuit, marked in blue. Total race distance is 114 miles.

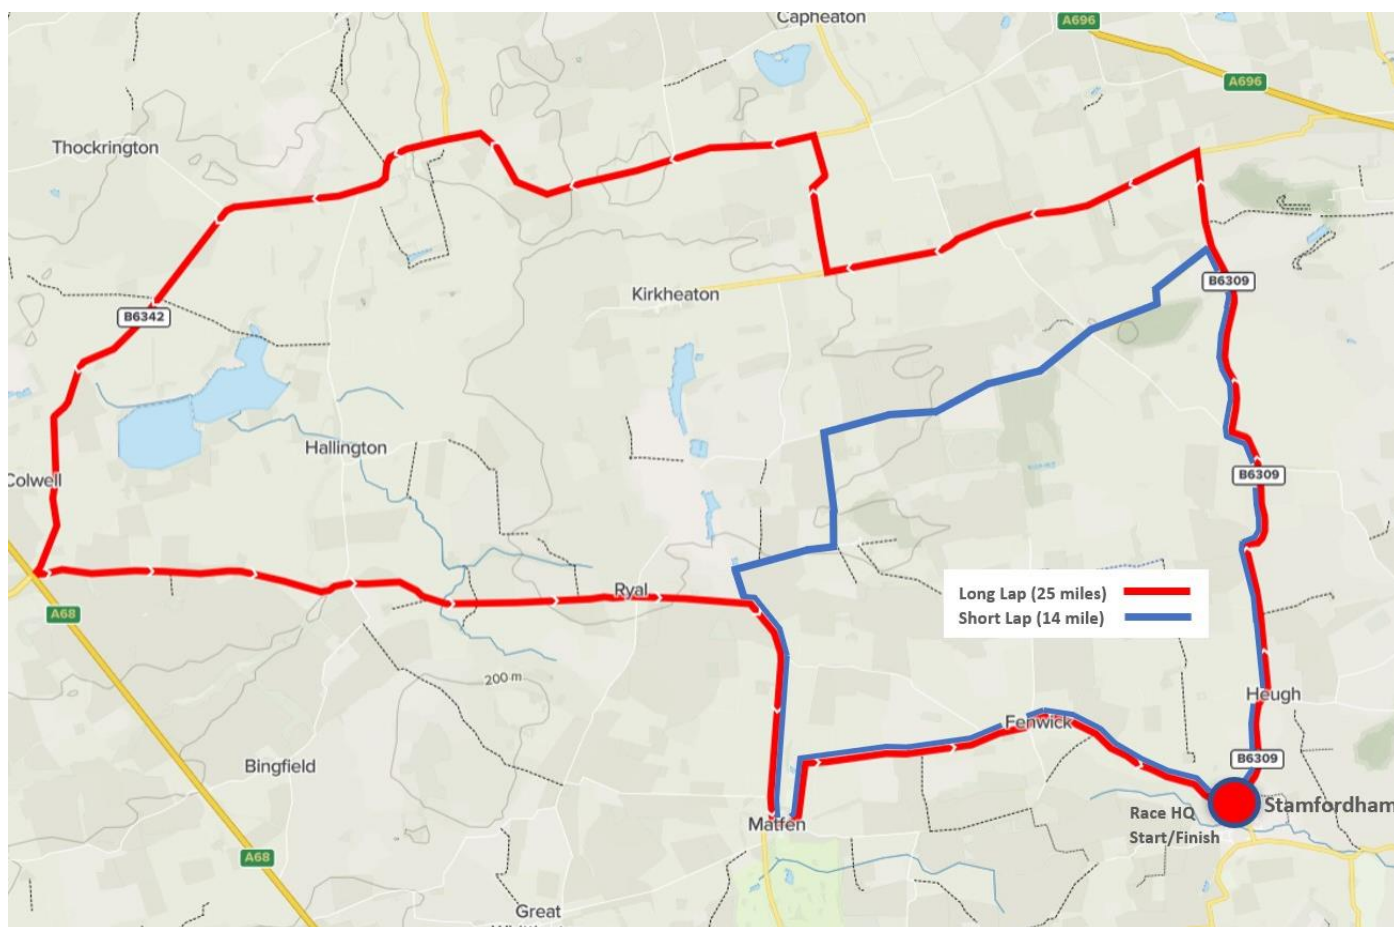

There will be a King of the Mountains competition based on points awarded at the summit of the Ryal climb (pictured) on each of the 4 ascents.

A podium presentation will take place as soon as possible after the race, next to the start/finish line. Here, there will prizes awarded to the race winner (sponsored by **Gainford Group**) leading Under-23 rider (sponsored by **Padon Contracts Ltd**), King of the Mountains (sponsored by **Fratelli**) and the leading team (Sponsored by **MountainChalet.co.uk**), which is determined by the sum of the times of a team's first three riders to finish.

COURSE MAP

SPECTATING AT THE BEAUMONT TROPHY

The race takes place around the village of Stamfordham and includes the race-defining climb of the Ryals (the hamlet of Ryal, at the top of the climb, is marked on the course map). Both of these locations are popular with spectators. Spectating from a bicycle is highly recommended. Some people cycle the main lap in reverse direction, which afford regular and repeated views of the race. And it a great little bike ride!

Watching the Race in Stamfordham

Stamfordham village is a great place to watch the race, with a lovely village green, where a mobile ice cream cart will be located. Here you'll have a chance to see the riders every lap, as well as before the start and at the finish and post-race presentation. The Race HQ is Stamfordham Village Hall (*What3Words location: ///loafing.leopard.status*), where there will be a wide range of refreshments, plus toilet facilities, all open to spectators. The Swinburne Arms pub in Stamfordham, will be open, whilst, just up the road, in Matfen, there's a café at the village store, on the green.

Spectator Parking is situated at Stamfordham Cricket Club and Sports Pavilion, just South of the village on the B6309 (*What3Words location: ///feuds.ferrying.flap*). There is a fee of £3, cash only, with proceeds supporting the venue. Refreshments will be available here. There is no postcode for this facility, so please check the map carefully. Please note, there will be strictly NO spectator or competitor parking in the village or surrounding roads. Residents only can park in front of properties in the centre of Stamfordham.

Watching the Race at the Ryals Climb

The Ryals climb is located approximately 6 miles before the finish, four miles to the NE of the village of Matfen. The climb consists of three steep ramps and often proves to be a decisive point in the race. It was there that Team Sky launched their attack that resulted in Bradley Wiggins winning the national title in 2011. Please take special care when moving to and from the Ryals during the race and when spectating on the hill. Parking is extremely limited and the best way to spectate here, and anywhere away from Stamfordham or Matfen villages, is by foot or by bicycle.
